

TRUCK WASH

FLEET CUSTOMER PORTAL

Whether you have 1 unit or 10,000, Blue Beacon values your business and provides a secure, efficient tool that puts **YOU** in the driver's seat to manage your fleet charge account with us online.

Select the '[register here](#)' link from the CUSTOMER PORTAL option on our website. And be sure to check out bluebeacon.com for information on pricing, locations, and much more!

Once registered, quickly navigate to the features that you need from the Home screen:

- Invoices:** Access the past 13 months of invoice activity, and view both pending and posted transactions.
- Payment Methods:** Add or edit ACH or bank/credit card information for recurring invoice payment.
- Wash Activity:** Query past tickets based on date, tractor/trailer number, driver name, ticket number, or wash location.
- BAS Unit Maint.:** For Beacon Authorization System (BAS) customers - maintain unit list by adding/deleting units, adding/changing wash frequency, and authorizing additional washes. Review wash history on individual units, and process a full unit list report.
- Account Info:** Verify or update billing and contact information.
- Portal Admin:** Setup/maintain additional portal users, and control user access with limited rights based on profile. Change current portal password or email address.
